

Directions for Stuffed Teddy:

1. Run a copy of the Stuffed Teddy for each child. Construction paper or medium cardstock best; regular copy paper will be fragile.
2. Children place another paper behind (attach with clips if children are very young) and cut around outside border.
3. Do any coloring you choose.
4. Punch holes as marked.
5. Stitch with yarn, leaving an opening for stuffing.
6. Stuff with cotton batting, old clean stockings, etc. and tie off yarn.
7. Add adornments of choice (moveable eyes, yarn ties, pom-pom tail, etc.)
